Update

06/11/2009

Wow! Had few readings with Jerry and found that he was accurate on my current situation and the person in question! Like he knew us! He predicted that something significant would happen on 5th Nov, that may seem disappointing, but it would turn out to be a positive move forward! Well, that very thing happened on the 5th and was upsetting, but I suddenly remembered Jerry's words and was amazed!! Let's hope the 16th Nov brings what you say and I will have that smile! I have every faith now after what has happened so far! Thank you so much and for anyone wanting honest insight into a situation, give this man a ring coz you won't be disappointed!! xx

Restoring Faith

26/10/2009

Jerry, you've restored my faith in spirit and the universe. I know that patience is a virtue and we don't get what we always want when we expect it. As we grow and become more spiritually aware we will be tried and tested throughout life. Thank you again for steering me back on the right path.

March - April .. It is now June.

03/06/2009

Jerry read for me 11-03-09, told me my ex would be back, within a couple of days and the relationship would flourish when the clocks moved forward. He read for me again 13-04-09 and predicted exactly same thing changing the date to end of April - he is a consistent reader and I know timings can be difficult. But it is now June and none of his predictions around work and love have materialised.

Predictions Update

26/05/2009

I thought I would leave an update for Jerry, as he was so spot on with a reading I had about 2 wks ago. Jerry predicted that I would hear from a certain person within 6 days from the reading that I had. Jerry I would like to let you know that you were spot on, in exactly the same time frame, the person rang me out of the blue. I was gob smacked when I was checking through my readings and noticed that you were completely accurate! Highly recommended reader, you will not be disappointed, try for yourself.

27/03/2009

Hi just want you to know that your prediction has come to pass. You said that I would receive some very important mail in the post something I had been waiting within five days. Well I did and it was exactly what I had been waiting for. The tribunal was cancelled and a decision was made on extra evidence. This was to my advantage. Thank you once again. x

A nice voice

21/03/2009

Jerry has a very soothing and pleasant speaking voice. He would make a great reader of spoken-word books! I found him to be honest and consistent but the information he passed on was a little thin but I will call him again as I feel he is worth talking too.

Jerry is a wonderful man/reader. He doesn't beat around the bush, he doesn't ask questions and what he tells you is precise and honest. His predictions are always firm and straight forward. 24/02/2009

I had a reading with Jerry just few minutes ago and have to say he just asked my date of birth and he picked up things on his own I was very silent and I listened to all Jerry had to say and he was on the spot so right and I appreciate his honesty and he was not trying to talk and say things which he don't know so no guessing here all real about me and my life. Thank you so much Jerry your advice and reading really is helping me to think straight now again. Maarit

Jerry, I really appreciate your readings, your knowledge and insight to my circumstances. You link in every time and definitely tell me how it is whether I want to hear them or not, ha ha. That is a good thing, that's what I pay for, the truth, your guidance and that is what I get every time. I know we will speak again, until then keep on shinning. Would highly recommend this man, if you can get a reading with him...Speak soon Elvis....

Insightful reading

26/04/2008

I don't normally add comments after having readings and I have had many due to going through rough patch. At the moment I just need that spiritual connection and Jerry gave that today. Very gentle energy that gave me insight and healing into the present. For me predictions aren't always a good thing because how can I get to the future if I haven't dealt with the present. Thank you very much Jerry. You helped me so much with my today. I'm hoping my comment takes this time as it's the second time I'm typing this. The first time the system rejected it so it may come up twice. Mind you, that won't be a bad thing. God Bless.x

24/05/2011

Just had a reading with Jerry, asked for a general reading to see what was picked up and my current situation was brought up straight away! He was able to describe things with great accuracy and interestingly Jerry predicted the same things as other readers in the exact same time frames so we'll see. Thank you so much Jerry! Xxx L..

Had a reading

04/04/2011

Decided to have a reading with Jerry. He soon picked up on all the issues for me and all that was surrounding me. Will rate higher when predictions come in if and when. We all hope so but I found Jerry to be a good reader and had a very calming voice. Try him - you won't be disappointed. Crhris H
